COOL LIFE® COATING VS. QUALITY PAINT

LIMITED LIFETIME WARRANTY AGAINST CRACKS

What is the biggest problem for a home's Exterior Walls?
CRACKING!!!!
Our proprietary method bonds with walls, allowing them to expand and retract, helping to prevent most common types of cracks.
MOLD AND TERMITES LOVE MOISTURE!

COOL LIFE® HEAT REFLECTIVE TECHNOLOGY

BRIDGES HAIRLINE CRACKS!

HEAT REFLECTIVE & ENERGY EFFICIENT

- Paint doesn't reflect the sun's heat, but our coating does. Reduce your energy use with COOL LIFE coating.
- Similar shades can reduce surface temperature as much as 37°!

hero — Your energy efficient future, today
PACE — Property Assessed Clean Energy Program
Ygrene ENERGY FUND
